1. 2030 Strategy of Belfius Bank SA/NV

In Section 6 ‘Belfius Bank SA/NV’, subsection 6.7 ‘*Post-balance sheet and other recent events*’, on page 41, the following paragraphs on the 2030 strategy of Belfius Bank SA/NV. should be added after the last paragraph:

On 30 March 2026, Belfius Bank NV/SA presented its strategic plan for the period 2026–2030 (“Unlock 2030”), built around a new corporate purpose: “Unlocking potential with optimism.”

Audited Financial results and targets. Belfius reported a net profit of €1.16 billion for financial year 2025, with a CET1 ratio of 15.9 %. The Bank targets a pre-tax result exceeding €2 billion by 2030. The insurance segment (net result of €289 million in 2025, representing approximately 25% of Group results) targets a pre-tax result exceeding €500 million by 2030.

Financial plan and investment. The 2026–2030 financial plan rests on three sequential pillars. First, resilience: risk management and capital buffers capable of absorbing shocks, solid capital and strengthened liquidity positions, active protection against extreme scenarios. Operational resilience will be also an important focus. Second, investment: €1.2 billion over five years in technology, cybersecurity — not a cost, but a lever for growth. Third, diversification: accelerated growth in Private Banking and insurance, and for the first time a selective international dimension, subject to the same capital discipline applied to domestic activities.

Capital opening. In support of the above strategy, Belfius’ shareholder has announced its intention to sell a maximum of 20% of Belfius’ capital via a private placement to one or more long-term strategic investors, selected on the basis of alignment with the Bank’s strategy. This is not a purely financial transaction but a strategic choice, underpinned by three commitments: maintaining a solid capital position, investing to preserve the Bank’s competitive advantage, and accelerating diversification.

International expansion. Belfius is expanding its activities beyond Belgium for the first time. In Corporate Banking, the Bank will establish a dedicated International Desk, operating from Belgium with local market expertise covering France, the Netherlands, Germany and Luxembourg — markets in which more than 80% of its internationally active corporate clients already operate. In the insurance segment, Belfius Direct Insurance intends to leverage its digital subscription model — ranked first worldwide for digital customer experience in underwriting by Sia Partners across a review of 110 insurers — to progressively export its model to neighbouring markets, where digital penetration in insurance remains significantly below Belgian levels (France: 10%, Germany: 11%, Netherlands: 30%).

Management changes. With effect from 29 April 2026, subject to approval of the general assembly, the following changes to the Management Board will take effect: Olivier Onclin appointed as Chief Executive Officer of Belfius Bank; Matthias Baillieul as Executive Director People & Corporate Affairs; Mario De Vry as Executive Director Wholesale & Public Banking; Bram Somers as Chief Technology & Operations Officer. The other members of the management team remain in their current functions. The Management Board will therefore be composed as from 29 April 2026 of Olivier Onclin, Hedi Ben Mahmoud, Matthias Baillieul, Mario De Vry, Marianne Collin, Dirk Gyselinck and Bram Somers.
