9 TERMS AND CONDITIONS OF THE OFFER

- | | |
|------------------|--|
| (i) Offer Price: | The Offer Price comprises the Issue Price and a selling and distribution commission (the “ Commission ”).

The Commission to be paid by investors that are not qualified investors under the Prospectus Regulation (“ Retail Investors ”) is equal to 1.875 per cent. of the subscribed nominal amount of the Notes (the “ Retail Commission ”).

Qualified investors as defined in the Prospectus Regulation (“ Qualified Investors ”) will pay a Commission that is equal to the Retail Commission reduced, as the case may be, by a discount between 0 per cent. and 1.875 per cent. (the “ QI Commission ”) |
|------------------|--|

based, among other things, on (i) the evolution of the credit quality of the Issuer (credit spread), (ii) the evolution of interest rates, (iii) the success (or lack of success) of the placement of the Notes, (iv) the market environment and (v) the principal amount of Notes purchased by an investor, each as determined by the Managers at their sole discretion.

(ii) Conditions to which the offer is subject:

Minimum and maximum amount

The Minimum Amount of the offer is EUR 50,000,000 and the Maximum Amount is EUR 75,000,000.

The criteria in accordance with which the final Aggregate Nominal Amount of the Notes will be determined by the Issuer are the following: (i) the funding needs of the Issuer, which could evolve during the Offer Period, (ii) the levels of the interest rates and the credit spread of the Issuer on a daily basis, (iii) the level of demand from investors for Notes as observed by the Managers on a daily basis, (iv) the occurrence or not of certain events during the Offer Period of the Notes giving the possibility to the Issuer and/or the Managers to early terminate the Offer Period or not to proceed with the Public Offer and the issue of the Notes, and (v) the fact that the Maximum Amount is EUR 75,000,000.

The Aggregate Nominal Amount shall be published as soon as possible after the end (or the early closing) of the Offer Period by the Issuer, on its website (within the section addressed to investors) (www.immobelgroup.com) and on the websites of the Managers (www.bnpparibasfortis.be/emissions (French language version) and www.bnpparibasfortis.be/emissies (Dutch language version) for BNP Paribas Fortis, or www.belfius.be/IMMOBEL2019 for Belfius Bank).

Allocation

The Managers, acting on a several (and not joint) basis, agree to place the Notes on a best efforts basis.

The Issuer and the Managers agreed the following allocation structure (being possibly subject to rounding and reduced proportionally in case the Aggregate Nominal Amount of the Notes to be issued is lower than EUR 75,000,000):

- (a) each of the Managers: EUR 30,000,000 of the Notes (or 40% of the nominal amount of the Notes to be issued) to be placed on a best efforts basis and allocated exclusively to

Retail Investors in its own retail and private banking network, at a price equal to 100% of the nominal amount of Notes plus the Retail Commission (the “**Retail Price**”), in aggregate EUR 60,000,000 of the Notes (or 80% of the nominal amount of the Notes to be issued (the “**JLM Notes**”). The Managers will receive fees in respect of the assigned Notes pro rata to the amount of assigned Notes they have placed in their own retail and private banking network; and

- (b) the Managers, acting together on a best efforts basis, for the placement towards third party distributors and/or Qualified Investors as a pot deal at a price equal to 100% of the nominal amount of the Notes plus the Retail Commission or QI Commission, as the case may be: EUR 15,000,000 of the Notes (or 20% of the nominal amount of the Notes to be issued (the “**QI Notes**”). The fees in respect of these QI Notes assigned to the Managers shall be split equally between the Managers.

If, at 5.30pm on the first business day of the Offer Period, the JLM Notes assigned to a Manager are not fully placed by such Manager, the other Manager (having fully placed the JLM Notes assigned to it) shall have the right (but not the obligation) to place such JLM Notes with Retail Investors in its own retail and private banking network, up to a maximum amount equal to 20% of Maximum Amount. The Managers will receive fees in respect of these JLM Notes pro rata to the amount of JLM Notes they have placed.

In the event that any Notes remain unplaced pursuant to the mechanisms described in the preceding paragraphs, such Notes may be allocated to the orders relating to QI Notes, towards third party distributors and/or Qualified Investors.

In the event that any Notes remain unplaced pursuant to the mechanisms described in the preceding paragraphs, the Manager with potential excess demand will have the right (but not the obligation) to allocate such unplaced Notes to unallocated orders received from Retail Investors in its own retail and private banking network.

If not all Notes are placed at 5.30 pm (CET) on the first business day of the Offer Period and taking into account the reallocation pursuant to the preceding

paragraphs, each of the Managers shall have the right to place the unplaced Notes with Retail Investors or Qualified Investors.

Each Manager shall place such Notes at its own pace, it being understood that the unplaced Notes will be allocated to the investors on a “first come, first served principle” in such a way that facilitates the fastest closure of the Offer Period possible.

The portion of the Notes assigned to be placed with Qualified Investors shall be allocated in such a manner as to give priority to Qualified Investors acting as financial intermediaries for onward placement of the Notes to Retail Investors. This privileged allocation may cause certain Qualified Investors to receive less than or none of the ordered Notes.

This allocation structure can only be amended in mutual agreement between the Issuer and the Managers.

Early closure

Early termination of the Offer Period will intervene at the earliest on 4 October 2019 at 5.30 pm (CET) (the minimum Offer Period being referred to as the “**Minimum Sales Period**”). This is the third business day in Belgium following the day on which the Base Prospectus has been made available on the websites of the Issuer and the Managers (including the day on which the Base Prospectus has been made available) and means that the Offer Period will remain open at least one business day until 5.30 pm (CET). Thereafter, early termination can take place at any moment (including in the course of a business day). In case of early termination of the Offer Period, a notice will be published as soon as possible on the websites of the Issuer (www.immobelgroup.com) and the Managers ((www.bnpparibasfortis.be/emissions (French language version) and www.bnpparibasfortis.be/emissies (Dutch language version) for BNP Paribas Fortis and www.belfius.be/IMMOBEL2019 for Belfius Bank). This notice will specify the date and hour of the early termination.

The Offer Period may be terminated early by the Issuer during the Offer Period with the consent of the Managers and taking into account the Minimum Sales Period (i) as soon as an aggregate maximum nominal amount of Notes of EUR 75,000,000 is

reached, (ii) in the event that a major change in market conditions occurs or (iii) in case a Material Adverse Change occurs with respect to the Issuer or the Group (on a consolidated level). In case the Offer Period is terminated early as a result of the occurrence described under (ii) or (iii) in the preceding sentence, then the Issuer will publish a supplement to the Base Prospectus. The Issuer will ensure that any such supplement is published as soon as possible after the occurrence of such termination of the Offer Period (as a result of the occurrence described under (ii) or (iii)).

Other conditions

The Issuer has reserved the right not to proceed with the issue of the Notes if at the end of the Offer Period the Minimum Amount is not reached.

In addition, the Public Offer and the issue of the Notes is subject to a limited number of conditions set out in the Subscription Agreement, which are customary for this type of transaction, and which include, amongst others: (i) the correctness of the representations and warranties made by the Issuer in the Subscription Agreement; (ii) the admission of the Notes on the regulated market of Euronext Brussels having been granted on or prior to the Issue Date, (iii) there having been, as at the Issue Date, in the reasonable opinion of the Managers, no Material Adverse Change (as defined in the Subscription Agreement and as described below), (iv) the Issuer having performed all the obligations to be performed by it under the Subscription Agreement on or before the Issue Date, (v) the market conditions being satisfactory in the Managers' reasonable opinion and with the agreement of the Issuer and (vi) at the latest on the Issue Date, the Managers having received customary confirmations as to certain legal and financial matters pertaining to the Issuer and the Group.

(iii) Description of the application process:

The investors can subscribe to the Notes via the branches of the Managers, using the subscription form provided by the Managers as well via the digital channels provided by the Managers. The applications can also be submitted via agents of other financial intermediaries in Belgium. In this case, the investors must obtain information concerning the commission fees that the agent or financial intermediary can charge.

- (iv) Details of the minimum and/or maximum amount of the application: The minimum amount of application for the Notes is EUR 1,000. The maximum amount of application is the Maximum Amount of the Notes.
- (v) Description of possibility to reduce subscriptions and manner for refunding amounts paid in excess by applicants: The Offer Period may be terminated early by the Issuer with the consent of the Managers and taking into account the Minimum Sales Period (see paragraph 9(ii) (*Conditions of the Offer*) of Part B above).
- All subscriptions that have been validly and timely introduced by the Retail Investors with the Managers will be taken into account when the Notes are allotted, it being understood that in case of over-subscription, a reduction may apply, i.e., the subscriptions will be scaled back proportionally, with an allocation of a multiple of EUR 1,000, and to the extent possible (i.e., to the extent there are not more investors than Notes), a minimum nominal amount of EUR 1,000 which corresponds to the denomination of the Notes and is the minimum subscription amount for investors. Subscribers may have different reduction percentages applied in respect of the amounts subscribed by them depending on the financial intermediary through which they have subscribed to the Notes.
- Retail Investors are therefore encouraged to subscribe to the Notes on the first business day of the Offer Period before 5.30 pm (CET) to ensure that their subscription is taken into account when the Notes are awarded, subject, as the case may be, to a proportional reduction of their subscription.
- Any payment made by a subscriber to the Notes in connection with the subscription of Notes which are not allotted will be refunded within seven business days after the date of payment in accordance with the arrangements in place between such relevant subscriber and the relevant financial intermediary, and the relevant subscriber shall not be entitled to any interest in respect of such payments.
- (vi) Details of the method and time limits for paying up and delivering the Notes: The payment for the Notes must be received at the latest on or before the Issue Date and can only occur by means of debiting from a deposit account.
- The delivery of the Notes will take place as described in the Base Prospectus and these Final Terms. On or about the Issue Date, the securities account of the investors will be credited with the relevant number of Notes purchased and allotted to them.
- (vii) Manner in and date on which results of the The offer of the Notes (including its net proceeds and

As soon as possible after the end of the Offer Period, each Manager will directly notify its clients who have subscribed for Notes to inform them of the number of Notes that has been allotted to them (see also paragraph 9(vii) (*Manner in and date on which results of the offer are to be made public*) of Part B above).
- (xi) Amount of any expenses and taxes charged to the subscriber or purchaser: Placement commission in the form of a Commission, which shall be equal to the Retail Commission or the QI Commission (as described in paragraphs 8(iv) and 9(ii) of Part B above).
Each investor shall make his own enquiries with his financial intermediaries on the related or incidental costs (transfer fees, custody charge, etc.) which the latter may charge.

C. KEY INFORMATION ON THE NOTES

C.1.: What are the main features of the Notes?

C.1.1: Type, class and ISIN:

The Notes are 3.000 per cent. Fixed Rate Notes due **14 April 2027** which will be issued for an expected minimum amount of EUR 50,000,000 and a maximum amount of EUR 75,000,000, with International Securities Identification Number (**ISIN**) BE0002671528.

C.1.2. Currency, denomination, par value, number of Notes issued and duration:

The Series of Notes are denominated in Euro (**€/EUR**). The Notes are in dematerialised form. The scheduled maturity date of the Notes is 14 April 2027. The Notes have a minimum Specified Denomination of EUR 1,000.

C.1.3. Rights attached to the Notes:

Status

The Notes constitute direct, unconditional, unsubordinated and (subject to the provisions of the negative pledge below) unsecured obligations of the Issuer and will rank *pari passu* among themselves and (save for certain obligations required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Issuer, from time to time outstanding.

Negative pledge

The terms of the Notes contain a negative pledge provision which prevents the Issuer and certain of its subsidiaries from creating or permitting to subsist any security interest over any of its assets or business to secure certain financial indebtedness, except if the Notes would benefit from the same security interest which either (i) has been approved by a Noteholders' meeting or (ii) is not less materially beneficial to the interests of the Noteholders. The negative pledge only covers security interests that secure financial indebtedness in the form of or represented by any bond, debenture, debenture stock, loan stock, certificate or other instrument which is, or is capable of being, listed, quoted or traded on any stock exchange or in any securities market (including, without limitation, any over-the-counter market) and does not extend to other indebtedness (including bank loans).

Events of default

The terms of the Notes contain, amongst others, the following events of default:

- (a) default in payment of any principal or interest due in respect of the Notes, continuing for a specified period of time;
- (b) the Consolidated Equity (as set out under B.2(b) above) is below EUR 250 million;
- (c) the Adjusted Gearing Ratio (as set out under B.2(b) above) of the Issuer is higher than 0.80 to 1;
- (d) the Inventories/Net Financial Debt Ratio (as set out under B.2(b) above) is below 1;
- (e) non-performance or non-observance by the Issuer of any of its other obligations under the conditions of the Notes, continuing for a specified period of time;

- (f) cross default in respect of any present or future financial indebtedness of the Issuer or certain subsidiaries of the Issuer provided that in each case the aggregate amount of the relevant financial indebtedness, guarantees or indemnities equals or exceeds EUR 15,000,000 or its equivalent in any other currency;
- (g) events relating to the insolvency, winding up, reorganisation or creditors' arrangements of the Issuer or certain subsidiaries of the Issuer, subject to conditions and – for what concerns the creditors' arrangements – certain thresholds;
- (h) enforcement of security created by the Issuer or certain material subsidiaries of the Issuer for an aggregate amount exceeding EUR 15,000,000 or its equivalent in any other currency;
- (i) (x) the disposal by the Issuer or a material subsidiary of the Issuer of more than 60% of the consolidated assets to a third party unless if 80% of the net proceeds are reinvested in line with the business model or used to repay financial indebtedness or (y) the Issuer ceases to carry out all or substantially all of its business, except, in each case, as approved by the Noteholders;
- (j) suspension or withdrawal of listing for 10 subsequent target business days as a result of a failure of the Issuer, unless listing on another regulated market of the European Economic Area at the latest on the last day of this period of 10 target business days.

Interest

The Notes bear interest from their date of issue at the fixed rate of **3.000** per cent. per annum. The gross yield of the Notes is 2.722% and the net yield of the Notes is 1.831%, in each case on the basis of an offer price, comprising the Issue Price (as defined below) and a selling and distribution commission, (the **Offer Price**) of 101.875 per cent. Interest on the Notes will be paid annually in arrear on **14 April** in each year, subject to a short first Interest Period from and including the date of issue of the Notes to but excluding 14 April 2020. The first interest payment for the Notes will be made on **14 April 2020**.

A step-up mechanism is foreseen pursuant to which, if the Adjusted Gearing Ratio of the Issuer (as set out under B.2(b) above) is more than 0.75 to 1, the rate of interest applicable to the Notes shall be increased by 1% *per annum* for the interest period commencing on such interest payment date. The rate of interest is reverted to the original interest rate if, following the step-up, the Adjusted Gearing Ratio is equal to or lower than 0.75 to 1 on two reference dates during the same interest period.

Redemption

Subject to any purchase and cancellation or early redemption, the Notes will be redeemed on 14 April 2027 at par. Noteholders may request redemption of the Notes in certain circumstances, upon a change of control and subject to certain conditions at a redemption rate calculated pursuant to the following formula: $MIN(101\%; Re-offer\ Price\ in\ \% \times Exp(T \times 0.74720148386\%))$, rounded down to the ninth decimal.

Taxation

All payments of principal and interest by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges, unless such withholding or deduction is required by law. The Issuer will not be required to pay any additional or further amounts in respect of such deduction or withholding.

Meetings

The terms of the Notes contain provisions for calling meetings of holders of the Notes to consider matters affecting their interests generally. These provisions permit defined majorities to bind all holders, including holders who did not attend and vote at the relevant meeting and holders who voted in a manner contrary to the majority.

Governing law

Belgian law.

C.1.4. Rank of the Notes in the Issuer's capital structure upon insolvency:

The Notes constitute direct, unconditional, unsubordinated and (subject to the provisions of the negative pledge above) unsecured obligations of the Issuer and will rank *pari passu* among themselves and (save for certain obligations required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Issuer, from time to time outstanding.

C.1.5. Restrictions on the free transferability of the Notes:

The Notes will be settled through the securities settlement system of the National Bank of Belgium. There are no restrictions on the free transferability of the Notes. Investors should note however that the Notes are subject to certain selling restrictions. In particular, the Notes have not been and will not be registered under the US Securities Act of 1933, as amended, and may not be offered or sold within the United States, except in certain transactions exempt from or not subject to, the registration requirements of the US Securities Act of 1933.

C.2. Where will the Notes be traded?

Application has been made by the Issuer (or on its behalf) for the Notes to be admitted to trading on the regulated market of Euronext Brussels.

C.3. What are the key risks that are specific to the Notes?

There are certain risk factors that are material for the purpose of assessing the risks associated with the Notes. The key risks in respect of the Notes include, without limitation:

- the Issuer may incur substantially more debt in the future and, in an insolvency scenario, the Notes will be subordinated to any current or future secured indebtedness of the Issuer and to any current or future (secured or unsecured) indebtedness of the subsidiaries of the Issuer;
- changes in interest rates will affect the value of the Notes as they bear interest at a fixed rate;
- an active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell his Notes;
- fees, commissions and/or inducements may impact the issue price and/or the offer price;
- the market value of the Notes may be affected by the creditworthiness of the Issuer;
- the investors should be aware that they may be required to pay taxes or other charges or duties in accordance with the laws of the country where the Notes are transferred or other jurisdictions, or where interest is paid or profits are realised.

D. KEY INFORMATION ON THE OFFER OF NOTES AND ADMISSION TO TRADING ON A REGULATED MARKET

D.1. Under which conditions and timetable can I invest in the Notes?

D.1.1 The general terms conditions and expected timetable of the offer:

Offer Period

The Notes will be offered to the public in Belgium. The Offer Period for the Notes is from 4 October 2019 at 09.00 am CET until 8 October 2019 at 5.30 pm CET (the **Offer Period**), subject to early closing, which can occur at the earliest on 4 October 2019 at 5.30 pm CET, which means that the Offer Period will remain open at least one business day (the **Minimum Sales Period**).

The Offer Period may be terminated early by the Issuer during the Offer Period with the consent of the Managers and taking into account the Minimum Sales Period (i) as soon as an aggregate maximum nominal amount of Notes of EUR 75,000,000 is reached, (ii) in the event that a major change in market conditions occurs, or (iii) in case a Material Adverse Change occurs with respect to the Issuer or the Group (on a consolidated level). In case the Offer Period is terminated early as a result of the occurrence described under (ii) or (iii) in the preceding sentence, then the Issuer will publish a supplement to the Base Prospectus. The Issuer will ensure that any such supplement is published as soon as possible after the occurrence of such termination of the Offer Period (as a result of the occurrence described under (ii) or (iii)).

Issue Price and Offer Price

The issue price of the Notes is 100 per cent. of the Aggregate Nominal Amount (the **Issue Price**). The Notes will be offered at the Offer Price, which comprises the Issue Price and a selling and distribution commission (the **Commission**). The Commission to be paid by investors that are not qualified investors (**Retail Investors**) under the Regulation (EU) 2017/1129 (the **Prospectus Regulation**) is equal to 1.875 per cent. of the subscribed nominal amount of the Notes (the **Retail Commission**). Qualified investors as defined in the Prospectus Regulation (**Qualified Investors**) will pay a Commission that is equal to the Retail Commission reduced, as the case may be, by a discount between 0 per cent. and 1.875 per cent. (the **QI Commission**) as determined by the Managers at their sole discretion.

Minimum Amount and Maximum Amount

The Minimum Amount of the offer is EUR 50,000,000 and the Maximum Amount is EUR 75,000,000. The criteria in accordance with which the final aggregate nominal amount (the **Aggregate Nominal Amount**) of the Notes will be determined by the Issuer are the following: (i) the funding needs of the Issuer, which could evolve during the Offer Period, (ii) the levels of the interest rates and the credit spread of the Issuer on a daily basis, (iii) the level of demand from investors for Notes as observed by the Managers on a daily basis, (iv) the occurrence or not of certain events during the Offer Period of the Notes giving the possibility to the Issuer and/or the Managers to early terminate the Offer Period or not to proceed with the Public Offer and the issue of the Notes and (v) and the fact that the Maximum Amount is EUR 75,000,000.

The final Aggregate Nominal Amount shall be published as soon as possible after the end (or the early closing) of the Offer Period by the Issuer, on its website (within the section addressed to investors) (www.immobelgroup.com) and on the websites of the Managers (www.bnpparibasfortis.be/emissions (French language version) and www.bnpparibasfortis.be/emissies (Dutch language version) for BNP Paribas Fortis, or www.belfius.be/IMMOBEL2019 for Belfius Bank).

Conditions of the offer

The Issuer has reserved the right not to proceed with the issue of the Notes if at the end of the Offer Period the Minimum Amount is not reached. The offer is furthermore subject to a limited number of conditions set out in the subscription agreement entered into between the Managers and the Issuer.

Oversubscription

In case of oversubscription, a reduction of the subscriptions may apply, i.e., the subscriptions will be scaled back proportionally, with an allocation of a multiple of EUR 1,000 and, to the extent possible (i.e., to the extent there are not more investors than Notes), a minimum nominal amount of EUR 1,000 which corresponds to the denomination of the Notes and is the minimum subscription amount for investors. Subscribers may have different reduction percentages applied in respect of the amounts subscribed by them depending on the financial intermediary through which they have subscribed to the Notes. Retail Investors are therefore encouraged to subscribe to the Notes on the first business day of the Offer Period before 5.30 pm (CET) to ensure that their subscription is taken into account when the Notes are awarded, subject, as the case may be, to a proportional reduction of their subscription.

Payment and delivery of the Notes

Any payment made by a subscriber to the Notes in connection with the subscription of Notes which are not allotted will be refunded within seven business days after the date of payment in accordance with the arrangements in place between such relevant subscriber and the relevant financial intermediary, and the relevant subscriber shall not be entitled to any interest in respect of such payments.

Prospective subscribers will be notified of their allocations of Notes by the applicable financial intermediary in accordance with the arrangements in place between such financial intermediary and the prospective subscriber. The Notes will be paid up and delivered on 14 October 2019. The payment for the Notes must be received at the latest on or before the Issue Date and can only occur by means of debiting from a deposit account. On or about the Issue Date, the securities account of the investors will be credited with the relevant number of Notes purchased and allotted to them.

D.1.2. The details of the admission to trading on a regulated market:

Application has been made by the Issuer (or on its behalf) for the Notes to be admitted to trading on the regulated market of Euronext Brussels.

D.1.3. The plan for distribution:

The Managers, acting on a several (and not joint) basis, agree to place the Notes on a best efforts basis. The Issuer agreed that the targeted allocation structure between the Managers for the placement of the Notes will be the following (being possibly subject to rounding and reduced proportionally in case the Aggregate Nominal Amount of the Notes to be issued is lower than EUR 75,000,000):

- (a) each of the Managers: EUR 30,000,000 of the Notes (or 40% of the nominal amount of the Notes to be issued) to be placed on a best efforts basis and allocated exclusively to Retail Investors in its own retail and private banking network, at a price equal to 100% of the nominal amount of Notes plus the Retail Commission (the **Retail Price**), in aggregate EUR 60,000,000 of the Notes (or 80% of the nominal amount of the Notes to be issued (the **JLM Notes**)). The Managers will receive fees in respect of the assigned Notes pro rata to the amount of assigned Notes they have placed in their own retail and private banking network; and

- (b) the Managers, acting together on a best efforts basis, for the placement towards third party distributors and/or Qualified Investors as a pot deal at a price equal to 100% of the nominal amount of the Notes plus the Retail Commission or QI Commission, as the case may be: EUR 15,000,000 of the Notes (or 20% of the nominal amount of the Notes to be issued (the **QI Notes**)). The fees in respect of these QI Notes assigned to the Managers shall be split equally between the Managers.

If, at 5.30pm on the first business day of the Offer Period, the JLM Notes assigned to a Manager are not fully placed by such Manager, the other Manager (having fully placed the JLM Notes assigned to it) shall have the right (but not the obligation) to place such JLM Notes with Retail Investors in its own retail and private banking network, up to a maximum amount equal to 20% of the Maximum Amount. The Managers will receive fees in respect of these JLM Notes pro rata to the amount of JLM Notes they have placed.

In the event that any Notes remain unplaced pursuant to the mechanisms described in the preceding paragraphs, such Notes may be allocated to the orders relating to QI Notes, towards third party distributors and/or Qualified Investors.

In the event that any Notes remain unplaced pursuant to the mechanisms described in the preceding paragraphs, the Manager with potential excess demand will have the right (but not the obligation) to allocate such unplaced Notes to unallocated orders received from Retail Investors in its own retail and private banking network.

If not all Notes are placed at 5.30 pm (CET) on the first business day of the Offer Period and taking into account the reallocation pursuant to the preceding paragraphs, each of the Managers shall have the right to place the unplaced Notes with Retail Investors or Qualified Investors. Each Manager shall place such Notes at its own pace, it being understood that the unplaced Notes will be allocated to the investors on a “first come, first served principle” in such a way that facilitates the fastest closure of the Offer Period possible.

This allocation structure can only be amended in mutual agreement between the Issuer and the Managers.

D.1.4. An estimate of the total expenses of the issue and/or the offer, including estimated expenses charged to the investor by the Issuer

The total expenses of the Issuer are expected to amount to EUR 87,850. The following expenses will be expressly charged to the investors when they subscribe to the Notes: (i) Retail Investors will pay the Retail Commission (as described above) and Qualified Investors will pay the relevant QI Commission (as described above); (ii) any costs (transfer fees, custody charge, etc.) which the investor’s relevant financial intermediary may charge (in relation to the Managers, this information is available in the brochures on tariffs which are available on the websites of the Managers); (iii) additional costs and expenses may be due to the relevant financial intermediary upon exercising the Change of Control Put Option through a financial intermediary (other than the Agent).

D.2. Why is this prospectus being produced?

The net proceeds will be applied by the Issuer for the financing of projects under development and the further development of its real estate portfolio in Europe.

D.2.2 An indication of whether the offer is subject to an underwriting agreement on a firm commitment basis, stating any portion not covered
