☐ Request to provide access for a new User

☐ Request to provide access for a new User on a BelfiusWeb CardViewer[1] or
☐ Request to provide access for another Entity to an existing BelfiusWeb CardViewer 6703 -

This request for a BelfiusWeb CardViewer automatically gives access
– to the BelfiusWeb CardViewer application, including on Mobile;
– to all types of cards[2] for which the User is the cardholder and which are linked to the accounts of the Entity in question.

☐ Request to cancel an access for a User

The Entity wishes to cancel the existing access for this User who has the following access details:
BelfiusWeb CardViewer 6703 -

☐ cancel for this entity only, or
☐ cancel for all entities

BelfiusWeb CardViewer is provided based on the BelfiusWeb framework contract.
You can view the Rate Card and the regulations for BelfiusWeb at *www.belfius.be*.
